FOR IMMEDIATE RELEASE:

The Beaver County Chamber of Commerce Continues to Speak Out In Support of the PA Legislature Passing A Transportation Bill– The Beaver County Chamber of Commerce released a **statement** “Why is it important for the PA Legislature to pass a Transportation Bill this fall?” ([located on the Chamber’s website](#)) to its membership on Wednesday, September 25, 2013 with a call to action to contact the elected officials from Beaver County and to let them know how important it is to business to pass a transportation bill this fall.

This statement was distributed following Chamber President, Erica Loftus’ trip to Harrisburg on Sept. 24 with the Greater Pittsburgh Chamber and Greater Philadelphia Chamber to stand with business and membership organizations as well as labor from across the Commonwealth to make the case for action. This group delivered an open letter to Governor Corbett and the legislature in the Media Center of the Capitol stating the importance of passing an adequately funded Transportation Bill this fall.

About the Beaver County Chamber of Commerce:

The Beaver County Chamber of Commerce is comprised of 530 member companies and is focused on supporting the growth and improvement of our local economy. Our mission is to prepare, develop and promote the community for economic growth. Our vision is to strengthen local businesses so that Beaver County will be the premiere place to live and work in the region and beyond. For more information about the Beaver County Chamber of Commerce, please visit our website at www.bcchamber.com or visit our Facebook page at The Beaver County Chamber of Commerce. You can also find us on Twitter by searching @TheBCCC.

The mission of the Chamber’s Legislative Committee is to identify and understand legislative issues as they affect the business community, to educate our membership and the community on these issues and to advocate for our membership.
